

COMMERCIAL PILOT LOI INTEREST FORM

📧 **Forward this form to your Property Manager or Owner for completion and signature**
Non-Binding Expression of Interest & Intent to Execute Letter of Intent (LOI)

Thank you for your interest in piloting Boring Energy's patent-pending Atmospheric Interface Layer on your commercial property. This form expresses your preliminary interest in our exclusive Commercial Pilot Program (target Q3-Q4 2026 deployments). Completion indicates serious intent to review and negotiate a Letter of Intent (LOI) covering installation, performance guarantees, ESG data, and pilot evaluation.

Additional Notes, ESG Goals, Timeline Preferences, or Specific Objectives:

SECTION 4: STATEMENT OF INTENT (Non-Binding)

By signing below, I confirm on behalf of the property/company listed above that we have serious interest in exploring a pilot deployment of Boring Energy's technology. We intend to engage in good-faith discussions toward execution of a Letter of Intent (LOI) that will define pilot scope, success metrics, data-sharing, and next steps. This form creates no legal obligation but signals our willingness to prioritize this opportunity.
